The Greater Patchogue Chamber of Commerce is a dynamic, energetic and respected business organization that facilitates both economic and social growth in support of our members

and the community. The Chamber is consistently evolving by discovering business solutions and educational resources, and then providing them to our membership through networking, marketing and advocacy.

Patchogue Young Professionals was established to encourage, and support the development of like-minded professionals and entrepreneurs. We interpret "Young" as a mindset, and not an age.

Our mission is to build stronger, better-informed communities through the help of our journalists, readers and advertisers.

Environmental portrait artist and wedding photographer Benny Mig's goal is to communicate not only the personalities of his subjects, but their emotions as well, and he has the imagination and ability to capture these elements dramatic images no matter the nature of the surroundings. In fact, Benny says, "I almost prefer a situation that offers very little to work with. I love to create an image in which I can make an every day location look like the setting of a big-budget production."
