ADOBE CREATIVE CLOUD DESKTOP

The screenshot displays the Adobe Creative Cloud Desktop application window. The title bar reads "Creative Cloud Desktop" and includes standard window controls (minimize, maximize, close) and a search bar labeled "Search Creative Cloud". The interface is divided into a left sidebar and a main content area.

Left Sidebar:

- Home
- Apps
- Files
- Discover
- Stock & Marketplace
- Quick actions

Main Content Area:

- Search bar: Search Creative Cloud
- Navigation: Desktop (selected), Mobile, Web
- Section: All apps
- Section: Installed
- Apps list:

App Name	Status	Action
Photoshop	Up to date	Open
Acrobat	Up to date	Open
Lightroom	Up to date	Open
Premiere Rush	Up to date	Open
Bridge	Up to date	Open
Lightroom Classic	Up to date	Open
Photoshop Express	Up to date	Open
Camera Raw	Up to date	Open

Available in your plan

LIGHTROOM CLASSIC

- Professional Photo Editing Program
- Desktop based
- Local Storage – no limit on the number of photos
- Creates a catalog (Database) of editing changes to your images
- Non-destructive editing
- Easily jump to Photoshop for editing images in Photoshop
- Returns image to Lightroom as a .dng (Digital Negative) file

LIGHTROOM

- Desktop/Mobile (Android & iOS/Web based editing – Adjust photos across multiple devices
- Cloud Based storage – Storage limited by how much you pay per month
- If you want more cloud storage, it is \$9.99/month for an additional Terabyte of storage. Adobe also offers 2 TB, 5 TB and 10 TB storage plans
- The interface is different from Lightroom Classic

LIGHTROOM

Lr

The screenshot displays the Adobe Lightroom interface. At the top left, the menu bar includes "File", "Edit", "Photo", "View", and "Help". A search bar labeled "Search All Photos" is positioned below the menu. The central workspace features a large photograph of a window with a dark frame, reflecting a vibrant sunset sky. Below the main image is a filmstrip showing a sequence of related photos. The right-hand side of the interface is dominated by the "Edit" panel, which is currently set to "Auto" mode. The "Light" section includes sliders for Exposure (+0.44), Contrast (+7), Highlights (-6), Shadows (+35), Whites (+24), and Blacks (-17). The "Color" section includes White Balance (As Shot), Temp (0), Tint (0), Vibrance (+18), and Saturation (+2). Other visible options include "Curve", "Color Mixer", "Point Color", and "Color Grading". The bottom of the interface shows a toolbar with icons for grid, compare, web, and print, along with a "Copy Edit Settings" button and a "Fit 100%" indicator.

LIGHTROOM CLASSIC

- Lightroom Classic has seven (7) modules for working on images
 - Library Module
 - Develop Module
 - Map Module
 - Book Module
 - Slideshow Module
 - Print Module
 - Web Module

Library | Develop | Map | Book | Slideshow | Print | Web | 

LIGHTROOM CLASSIC

- We will concentrate on the Library Module and the Develop Module

LIGHTROOM CLASSIC

- Library Module
 - Used for:
 - Importing images into Lightroom and/or your computer
 - Searching for folders of images on your computer
 - Sorting images by metadata
 - Culling or rating images
 - Moving folders located within Lightroom (never move folders outside of Lightroom or Lightroom will lose track of them)
- Click on File/Import Photos and Video
 - Select the source of the images
 - Select the import options
 - Select the destination folder

LIGHTROOM CLASSIC

Library Module

The screenshot displays the Adobe Photoshop Lightroom Classic Library module interface. The window title is "Lightroom Catalog-2-2-v13 - Adobe Photoshop Lightroom Classic - Library". The top menu bar includes "File", "Edit", "Library", "Photo", "Metadata", "View", "Window", and "Help". The main interface is divided into several sections:

- Navigator:** Shows a large preview of a selected photo (a close-up of a motorcycle engine) and a list of folders on the left, including "Avalon Preserve", "Barbie and Matt's Wedding", "Bayard Cutting Arboretum", "Bayport Aerodrome", "Dahlia's 2022", "Bereaved parents canelight dinner 2021", "Block Island", "Block Party 2011", and "Butterflies and such".
- Library Filter:** A grid of photo thumbnails with a filter menu above them (Text, Attribute, Metadata, None). The selected photo is highlighted with a white border.
- Grid:** A grid of photo thumbnails, with the selected photo (DSC_7876-Edit-2.psd) highlighted. The grid shows various photos, including motorcycle parts and a landscape.
- Compare/Before-After:** A section for comparing different versions of a photo.
- Web Gallery Grid:** A section for creating and managing web galleries.
- Web Slideshow:** A section for creating and managing web slideshows.
- Web Print:** A section for creating and managing web prints.
- Web Book:** A section for creating and managing web books.
- Web Slideshow:** A section for creating and managing web slideshows.
- Web Print:** A section for creating and managing web prints.
- Web Book:** A section for creating and managing web books.

The right-hand side of the interface features the "Compare" and "Web" panels. The "Compare" panel shows a comparison of the selected photo with another version. The "Web" panel shows the "Metadata" section, including fields for "File Name", "Folder", "Title", "Caption", "Copyright", "Creator", "Rating", "Capture Date", and "Dimensions". The "Comments" section is also visible at the bottom right.

The screenshot displays the Adobe Photoshop Lightroom Classic interface in the Map module. The window title is "Lightroom Catalog-2-2-v13 - Adobe Photoshop Lightroom Classic - Map". The menu bar includes File, Edit, Map, Photo, View, Window, and Help. The top navigation bar shows Library, Develop, Map (selected), Book, Slideshow, and Print. The interface is divided into several panels:

- Navigator:** Shows a map of the current location, "New Shoreham, Rhode Island, United States". It includes "Saved Locations" (My Locations, Collections) and a "Location Filter" with options: Visible On Map, Tagged, Untagged, None. The current filter is "southeast lighthouse block island".
- Main Map:** Displays a satellite view of a lighthouse complex. A yellow speech bubble with the number "2" is visible on the map. The Google logo is at the bottom left of the map area.
- Metadata Panel:** Located on the right, it shows metadata for the selected photo. The "Target Photo" section includes: File Name (DSC_7380-Edit-2.psd), Original Filename (DSC_7380.NEF), Copy Name, Folder (Block Island), Metadata Status (Conflict detected), and Audio File. The "Selected Photos" section includes: Sublocation (New Shoreham), City (Block Island), State (Rhode Island), Country / Region (United States), ISO Country Code (US), GPS (41°9'12.5217" N 71°33'76.179" W), Altitude, Direction, Title, and Caption. A "Sync Metadata..." button is at the bottom.
- Grid:** At the bottom, it shows a grid of photo thumbnails. The current folder is "Block Island" with 191 photos, 2 of which are selected. The selected photo is "DSC_7380-Edit-2.psd". The grid shows thumbnails numbered 57 through 67, with thumbnail 64 being the selected photo.

The screenshot displays the Adobe Photoshop Lightroom Classic Book module. The main workspace shows a preview of a book cover for a 'Standard Landscape' layout, which is 10 x 8 inches (25 x 20 cm) and priced at US \$160.46. The back cover features a wave, and the front cover features a lighthouse. The right-hand panel contains 'Book Settings' for 'Blurb Photo Book', including options for size, cover, paper type, and page numbers. Below this is the 'Auto Layout' section, currently set to 'Left Blank, Right One Photo'. The bottom of the interface shows a grid of 12 photo thumbnails, with the first few showing various scenes from Block Island.
