Patchogue Arts Council Museum of Contemporary Art L.I. and the Greater Patchogue Chamber of Commerce invite you to immerse yourself in the arts and the Village of Patchogue!

MoCA L.I.ghts V will transform downtown Patchogue into L.I.'s only immersive, open-air museum with site-specific projected installations on both modern & historic architecture throughout the Downtown to be viewed by the public at no cost on foot, by car, or live-streamed. Surrounding businesses will again become a vibrant backdrop to this unique arts experience, rejuvenating and illuminating the Village for spectators of all ages. The work of over 100 local, national, and international artists of varied career levels will be presented through a number of programs.

Patchogue Arts Council acknowledges that the land on which our space stands, at 20 Terry Street, Patchogue, NY, is part of the traditional territory of the Unkechaug Nation. We honor and respect the enduring relationship that exists between Unkechaug people and their ancestral territories. We recognize the deep cultural and artistic contributions of the Indigenous peoples, past and present, who have shaped and continue to influence this land. We honor and respect the many diverse Indigenous peoples still connected to this land on which we gather, create, and celebrate the arts.

VANDERBILT MUSEUM & PLANETARIUM

The Suffolk County Vanderbilt Museum, located in Centerport, is a unique combination of
mansion, museum, park, and planetarium, dedicated to the education and enjoyment of the
people of Long Island and beyond. At this year's MoCA Lights, a Vanderbilt astronomy
educator will be providing a telescope (weather permitting) for the public to look through to
see the planets Jupiter and Saturn. We will also be projecting spectacular images of planets
and the Universe!
